

The Hospital Committee

The Hospitals Committee has been put in place by the groups of District 16 so that A.A. members who have been hospitalized receive a visit from another A.A. member.

If you know of a member of your group, or a neighbouring group, who has been hospitalized and you would like someone to visit them, please contact the Hospitals Committee coordinator and they will bring a card and best wishes to the hospitalized person.

Mobile meetings are also available upon request.

*Yours in service,
Hospitals Coordinator*
